Dear Mr. Secretary-General,

Acumed continues to support the ten principles of the United Nations Global Compact with respect to human rights, labor, environment and anti-corruption. Social responsibility is one of four commitment areas in Acumed's 2015 vision. To that end, Acumed has created a Social Responsibility Committee to promote and advance the company's social responsibility activities.

In this annual Communication on Progress we have detailed our actions in each of the UNGC core focus areas. In addition, we emphasize Acumed's culture of continuous process improvement to set measurable goals for our social responsibility efforts.

Regards,

David Jensen
President
